

**HOMES THAT  
GROW WITH YOU**

# Communities rooted in nature.

Since the beginning of civilisation we as a species have flocked to nature to meet our needs. Yet, amid rapid urbanisation of our lives, we find ourselves farther from nature and disconnected from one another. HIGHGARDEN is an attempt to trace our way back to the greener beginnings and a bonded community

# More than a home

ELV HIGHGARDEN is more than a home. It's an investment in a well-rounded lifestyle for you and your family.

It's luxe living at its best- cradled in nature and stocked with modern smart amenities.

It is a brand of luxury aimed at providing working professionals with an option to unwind into nature's tranquillity, without leaving the city. At HIGHGARDEN, we don't just build your house, we build communities designed to elevate your life.

# The Highgarden way of life

**Community | Biophilia | Balance**

Communities coming together to build a balanced ecosystem that lives in harmony with nature forms the basis of the nurturing one finds at HIGHGARDEN.
